

## MILITARY POSTCARDS

### Military Illustrated Postcards

A large number of postcards was issued by various bodies for use by soldiers. As military mail is free of postage charge, such stationery needs no printed stamp, only "Military Mail" (Doar Tzvai) written within a triangle and "ON ACTIVE SERVICE" (Besherut Paeel).

The largest number of such postcards was issued during the 1967 and 1973 wars.

The official army publishers were the Army Headquarters, Chief Educational Officer (Kzin Chinuch Rashi).

Also the IPS issued some postcards as well as the SHEKEM (military canteens and shopping centres for soldiers).

Two PC were issued with IPS logo and friedl Stern drawings (1973), (No MIPC10-11)

Additional postcards were issued as presents to the soldiers by various associations, banks and other institutions.

The illustrations on the postcards were done in many cases by well known Israeli artists who were enlisted for this productions. Therefore there are series of postcards according to the illustrator. The printing is usually in one colour. No extensive research was made on these issues.

Enclosed are a few examples of such issues made during the 1973 Yom Kippur War.
